ACCESS AND INFRASTRUCTUREN:

Echternach is a touristic town in the East of the Grand-Duchy of Luxemburg in the region of the "Small Luxemburgish Switzerland" and in the Luxemburgish-German National parc. Please have a look at <http://www.visitechternach.lu> to find more information about the town. Echternach is about 30 kilometers away from the capital.

To arrive there, you can take the A1 motorway and the N11 National road from the capital, or the N10 National road coming from the East and the North of the country, by following the signs ECHTERNACH. If you want to come to Echternach by public transportation, you can find a time-table by using the following link www.mobiliteit.lu.

Start and Finish of La Charly Gaul are located in the center of the town, on the market place (place du Marché) next to the Basilika church. **Registration** is in the cultural centrum "Trifolion" (porte Saint Willibrord), near the Start-Finish area. **Showers and changing rooms** are near the football field of Echternach (rue de la Chapelle)*.

For **parkings spots**, please follow the parking guidance system of the municipality of Echternach, which will take you to parking spots with empty places. We advise you to use the parking place **ROAM** as well as the spots at the recreative centrum at the **LAKE**. They are situated on the route de Luxembourg, at the entry of Echternach when coming from Luxembourg. Near to the start-finish area, there are some more parking places called "**GARE**" and "**PARC**", which can be accessed easily through the rue de la Gare when coming from Diekirch (ATTENTION ROAD WORKS !!!). Finally, the parkings "**KACK**" (rue du Pont) and "**BENEDIKTINER**" are the easiest when coming from Wasserbillig. Entrance of **BENEDIKTINER** is in the rue de Wasserbillig (via rue des Bénédictins).

*after the important flooding of the year 2021, a lot of infrastructures of the town Echternach have been damaged. Since then, the sports associations of the municipality have to share the provisional showers that have been installed near the football field. Thanks for your understanding.
